Optimize Print Solutions

Print Assessments and Document Imaging Consulting

We work together with our customers to effectively streamline and leverage your existing printer, copier and document imaging infrastructure.

Digital Imaging & Printing Assessments

OUR INITIAL FREE ASSESSEMTN BEGINS THE PROCESS OF SIGNIFICANTLY RECUCING YOUR PRINTING AND COPIER COST

Our Initial Free Assessment will establish the viability of our solutions for your business, at no risk to you.

90% of companies do not know how many printers they have or if they are properly utilizing their print assets. Your printer, copier and digital imaging infrastructure is one of the most overlooked and undermanaged assets. Any savings to that infrastructure will add directly to your bottom line and increase your profits.

Our solutions will optimize savings on your existing printer, copier and digital imaging infrastructure. Are approach is not to sell you new equipment but to maximize profits from your existing infrastructure.

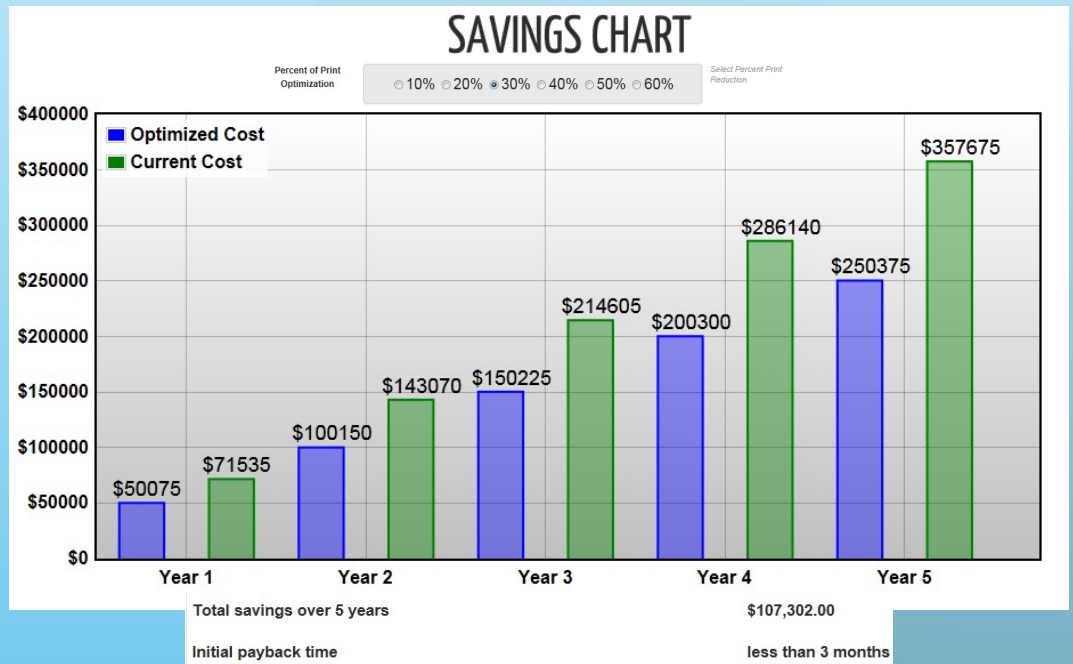

An OPS assessment allows you to maximize profits by taking control of your existing network digital imaging costs. Representing a hidden gold mine of savings.

The days when sustainability was considered a “nice” thing to do are long gone. Today, most businesses have come to realize that a focus on sustainability is good business. Yes, it helps to save the planet, but it also saves money.

Optimize Print Solutions gives you the power to help build a better and more sustainable world by helping you leverage the power of existing technology. Our solutions reduce your carbon footprint, creating less waste and otherwise contribute to a more sustainable environment - while increasing profits.

Visit our website www.OptimizePrintSolutions.com to calculate how much you could be saving on your printing costs.

Our cost optimization services are truly profitable for clients. Although we charge for our services, our "No Win, No Fee" promise means that our fees are always covered by our savings to you.

Our Guarantee

From your initial point of contact with us we guarantee that you won't pay us a penny unless we can prove to you that our expertise will generate cost savings and add to your bottom line. Those cost savings will be ongoing thereafter.
